## SUMMARY

Results-driven iOS Developer with a proven track record of optimizing app performance and delivering user-focused solutions. Skilled in UIKit, SwiftUI, API integration, AVFoundation, and strategic project management. Seeking a challenging role to leverage my technical expertise and drive innovation in mobile app development.

## WORK EXPERIENCE

### iOS Developer

April 2024 - Present

#### Neon Apps, Istanbul

- Developed iOS applications programmatically using Swift and UIKit, implementing both MVC and MVVM architectures to improve code maintainability and readability.
- Worked extensively with Core Data and Firebase, optimizing data management and enabling real-time database integration for seamless user experiences.
- Contributed to the development of 10+ iOS applications, solving complex development challenges to ensure high performance and user satisfaction.
- Collaborated closely with team members and took initiative on independent tasks as needed, consistently delivering high-quality applications on time.

### Game Developer

Jul 2023 - Nov 2023

#### Skeb Studios, Remote

- Remote work experience
- Experience working on a project-based contract.

### Game Developer

Aug 2021 - May 2023

#### Lebleby Games, Samsun

- Applied OOP principles like inheritance and encapsulation to develop scalable game architectures.
- Successfully published multiple games to the App Store, managing the entire process using Xcode.

## EDUCATION

### Ondokuz Mayıs University

2018 - 2024

Bachelor's Degree in Computer Engineering

## ADDITIONAL INFORMATION

- Technical Skills:** iOS Development (UIKit, Swift, SwiftUI), API Integration & AVFoundation, Core Data, Firebase, Realm, MVVM, MVC Architecture, Auto Layout, SnapKit, In-App Purchases, Adapty Integration
- Languages:** English
